Newspaper Activities

Create an Advertisement

Look at advertisements in the newspaper. Design a creative and artistic ad for the restaurant in the Mountain View Inn. Consider including a coupon or special sale price and highlighting part of the menu. Don't forget the peanut butter sandwiches!

Write a News Article

Imagine you are a news reporter who will write a news article about Mountain View Inn guests seeing mice. Include: exactly what the guests saw, when and where they saw it, and how they think the hotel should handle the situation. You may include information from imaginary interviews with hotel guests, hotel employees, or representatives from the local health department.
